CITY NEWS

Mr. J. W. Sweeney, who has long resided in the per portion of the city, has been engaged by us to k after the distribution of the Democrat above Third street. He will see that ample arrangements are made for the prompt distribution of the paper at a much carlier hour than heretofere.

Market Street.

We have read the communication of Mr. Isham Henderson, of the Louisville Journal, to his paper, in reply to an article which we felt it our duty to publish, on the subject of granting a right of way for a street railroad up Market street. The article in the Democrat was dictated for a proper sense of justice to our cit'z as engaged in marketing, and residing and doing business on that street We disclaim any personal feeling in the matter, but we must insist that the rights of the people and the interests of the city require that Market street be kept and used as .t now is, and that it shall not be obstructed by

a street railway. The market houses afford one of the princi pal sources of revenue to the city. A railroad up the street would greatly destroy their value. It is useless to pretend that it would not obstruct the use of the market house. The stopping of the cars in the early morning, before daylight to 10 or 11 o'clock-during market hours each day, look like a pretence; for no road could afford to run for the other hours of the day, when there is less travel. Besides, if the cars were to stop during the early hours, the road would be of little use to the mechanics and laborers of Germantown and California. We believe that a proper re gard for the rights of owners of market stalls, and the interests of the city will prevent the privilege being given to any one to build a railroad on Market street.

Again, we have been informed by Conseilmen that the great body of the people and owners of property on Market street, to the number of eight hundred to one thousard, have remonstrated against granting the right of way for a railroad no Market street Certairly the wishes of these cit zens should be arrangements to entertsin the mail line's regarded more than the wishes or interests of cargo from points above. a single individual or company Nearly every resident on Market street with whom we have conversed on the subject, is carnestly and thoroughly opp sed to a railroad on that street. They do not wish the usefulness of the market houses destroyed by the obstruc tion of the street. I. is only-sa we stated before-420 feet from Ma ket to Msie, and a like distance to I ff son, on both of which care are to run, and will fully and sitiefac orily accommodate the people on Market

Every one who has been on Main street and to Portland, knows that the city railway, by their enterprize, have adhered the merchant in Louisville, and was favorable to merchant in Louisville, and was favorable t benefit of what they have made by their own enterpriss. No injustice has been done Mr.

As to the Portland road being a ruisance we can state that we were told that a petition, numerously signed, was introduced, a few months ago, by a Councilman, petitioning the General Conneil to take steps to abate the roid as a nuisance. We have been informed that one of the Cauncil has made affiliavit, in capacity with the elite and fashion of the city, a suit pending in court, that he regarded the road as a nuisance, and mide oath that Mr. Handerson told him he was not running the read to accommodate the people, but was running it to make money. But whather it is or is not a nuisance, we are confident there is no necessity to extend the Portland railroad through Market street.

As to who are the owners of the city rai!way we only know that the officers of the New Albany. If it is necessary to give right of way to Mr.

Henderson's road, why not grant it to him no Walnut or Chestnut street, where it is much more needed. There is the large space from Broadway to Jefferson street where no provision has been made for a road. Let Mr. Henderson build on some of these streets and thus improve the city. Do not break down a promising enterprise and destroy atreet railroads by rupping over every street. Certainly roads on alternate streets will accommodate the population. We insist there is no reason to destroy markethouses and Market street, and we trust the General Council will never permit it.

Mr. Harrison had some corrections made in his cyidence as reported, and then Governor Bramlette was introduced as a witness, and stated that on Saturday last he had sont a telegram to Judge Bulitt, with a copy of General Palmer's leave that he might return to Kentneky and attend his trial; that before this time he had no definite information as City Courcils baudaciously, three et once, and land them at our whatves, that the Council must therefore tender the "freedom of the city." and stir themselves to outeriain the old By all this we mean no unkindness to the old ploneers, or the young ones who came along with them, nor to the one hundred and eight gentlemen who came to the city at the invitation of the Mail Company.

We shall favor when it is suitable and an invitation of the Mail Company.

we shall favor, when it is suitable and appropriate, that the councilmen of Cincinnati, Covington and Newport be invited to visit Louisville and be entertained by our people. We think that the interchang of friendly visits would redound to the public good. Louisville should be no laggard in greeting her neighbors with a friendly hand; but she cannot, on occasions like thie, step forward and entertain the gnests of other people at her own expense. Details when the control of the same; that he had heard Gen. Burbridge say that he nuderatood that Judge Bullitt had hen paroled by Gen. Washburne, at Memphis, and allowed to return to Kentneky with the approval of the authorlities at Washington; that he had ordered the astreet, but that Judge Bullitt had escaped the same.

Sir. Ray had heard Gen. Burbridge say in the Convention, of the 4th of January, 1865, that he had ordered the arreet of Judge Bullitt and that if anght he would hang bim or have him hung.

Mr. Bell said that he was the kineman and intimate friend of Judge Enlitt; that Judge B. returned from Memphis, where he had been in Federal enstody, about the 7th of December, 1864; that he deferred a trial by the civil anthorities; that he did not desire one by the military, which had heen differed him, but rejected by his connael.

The further consideration of this matter was postponed until to morrow morning at 10 o'clock.
